## MINICURSO: FORMAÇÃO DO PENSAMENTO MARXISTA NA AMÉRICA LATINA: A QUESTÃO NACIONAL

**Fecha:** Sábado, Enero 30, 2021 - 13:00 UTC

**Duración:** 150 min

### Breve descripción:

Conteúdo:

Na América Latina, especialmente após a I Guerra, foram sistematizadas importantes contribuições para uma autêntica interpretação crítica das realidades nacionais. Tais análises questionaram dogmas positivistas e eurocêntricos (como o evolucionismo social), então predominantes -- teorias que serviram de instrumental a interesses oligárquicos, especialmente quanto à naturalização da desigualdade material e desvalorização das contribuições socioculturais dos povos originários.

Este minicurso se propõe a apresentar um panorama deste momento histórico, propondo uma reflexão acerca da questão nacional latino-americana – consolidação nacional, independência, questão agrária e cultural – a partir da produção de três intelectuais marxistas considerados dentre os mais relevantes do período: o cubano Julio Antonio Mella (1903-1929), o peruano José Carlos Mariátegui (1894-1930) e o brasileiro Caio Prado Júnior (1907-1990).
